Dear Mr. Marchessault,

This letter is in answer to yours dated Aug. 2, 1988 regarding the Coakley Landfill Site in North Hampton, NH.

I am stating unequivocally that I have never used the Coakley site as a place for dumping. After investigating, I came to this conclusion. One of my truck drivers, Carl Anania, lived in North Hampton and I allowed him to take the truck each evening as a means of transportation. Perhaps he disposed of trash at this site, I don't know because the man was killed in an accident several years ago.

My company has always used the Dover (NH) City Dump until it closed, and presently I am using the Turnkey Landfill in Rochester, NH. Why would I go all the way to North Hampton? Also, I have no hazardous waste, all non-hazardous consisting of cardboard and paper mostly.

I am not clear as to what kind of responses you want. I hope this is of some help.

Sincerely,

Joseph Shield
